Expanded into VPS hosting, domains, dedicated infrastructure, and managed cloud services with Hostron.

Government & Public Sector – Pan-India

Patron Services supports government departments, public institutions, elected representatives, and development-focused initiatives across India. We combine registered credentials, proven delivery experience, and nationwide service capability to help leaders and departments communicate better, digitize operations, and serve citizens more effectively.

How We Support Government Projects & Public Leaders

- Website & portal development for departments, schemes, and public offices
- CMS for updates on projects, announcements, galleries, FAQs, and enquiries
- Bulk SMS, Voice, WhatsApp, RCS & Email for citizen outreach and alerts
- Digital marketing with reels, photos, videos, and social media management
- School ERP and institutional software for education and training bodies
- Secure cloud hosting, domains, and ongoing maintenance support
- Custom software for workflows, reporting, dashboards, and data management
- Campaign-ready communication tools for public awareness and constituency outreach
